## El Gato Or Hauppauge Best For Mac

I own personal ONE TV a 32" Sony HD TV (1080i or 1080P if by HDMI) 3 I own ONE Dish System DuoDVR VIP 722K, it's a Double Tuner HD Satellite television Receiver (It can run two Television's.. I Was NOT REALLY A GAMER!!! PLEASE HELP!!! I own an Apple company MAC Pro Desktop Structure 2.. TV1 in HD at 1080i or 1080p if making use of HDMI Television2 at 480p SD just But since I just have got ONE Television I only use the 2nd tuner (TV2) to become able to record one present on tuner 2.. I still own a VCR and nevertheless use it to document my movies and channel surfing videos to VHS/VCR cassette tapes (But this must stop quickly).. While at the same time on the 1stestosterone levels tuner (TV1) I'm watching, funnel surfing, pausing live life TV and documenting onto my VCR/VHS little video clips of what I notice as I station surf from tuner 1 (TV1).
